objects :

! New Planet, 2011

petit luminaire (satellite), 2011-01-02 (diam. 15 cm)

extra globe made of papier-mâché and rubbish found in the studio (diam 10 cm)

i see life (or reality) as a comic book or cartoon, and exhibitions as fanzines (made in 2 dimensions, shown in 3D and experienced in 4 ; the form is an environment, an image with multiple points of views that the visitor can experience on his own)

politics are xeroxed (xeroxed politics).

all elements are more like a basic vocabulary or alphabet (but only with letter e and B) whit unclear status, variable and exchangeable contents which we can play and re-play within a complete free and open process.

all is here and available. basic forms : dots, e, B, BB, b, bb, bbb, bbbb ...

beneuve c options : b, bb, bbb,
